
MODERN ASSISTANCE

EMPLOYEE ASSISTANCE PROGRAM

October 13, 2020

Dear Members,

As we continue to follow COVID guidelines that are still in effect within the state of Massachusetts, Modern Assistance Programs continues to work/test at our new location for the renewal or new enrollment of your Workplace Safety Card (drug free card):

401 Water St, Quincy MA

****(617) 312-7178** NEW LAB PHONE NUMBER**

Testing will still be Tuesdays, Wednesdays and Thursdays 1:00PM – 4:00pm. Please make note of the **NEW** phone number to call to pre-register.

We are still implementing all policies and procedures to protect our staff and members. Our staff will be wearing full PPE during the testing process and we ask that members wear their masks when entering the lab.

When you **arrive** at 401 Water St. please call **617-312-7178**, to pre-register. We will take your information and call you when you are next in line.

We ask that you wait in your car until called as we are limiting the number of members in the lab at one time.

Members temperatures will be taken when entering the lab using a non-contact infrared thermometer which will be pointed at the members forehead for 1-3 seconds. If a temperature reading of 100.4 or higher is obtained, the technician will confirm by taking another reading. A temperature of 100.4 degrees or higher is considered a fever.

If a reading of 100.4 degrees or over is confirmed, the member will be not be tested.

If you have any questions you can call Modern Assistance **Confidential** Drug Testing line at 617-773-5169.

Please leave your name, date of birth, telephone number and union you are with. Please speak slowly and clearly so we understand all the necessary information.

If you need to make an address change please send all information stated above and the new address to Judi Melvin-Conners at jmconners@modernassistance.com.

Once again, we thank you for your cooperation and patience during these times.

Modern Assistance Drug Testing Team.
